Dear Mary

Re. Brunel Swivel Bridge Project

I am writing on behalf of the ss Great Britain Trust to express general support for the Brunel Swivel Bridge Project. The details of this project sound exciting and vital for this important structure.

Isambard Kingdom Brunel is an icon of 19th Century Engineering and Bristol is proud of its wealth of Brunel heritage. The Brunel Swivel Bridge has been largely abandoned until recently and the Project will restore the bridge, helping to keep this valuable heritage for future generations to enjoy and extending the Brunel and Engineering theme in Bristol.

The Brunel Swivel Bridge Project comes at a time when significant investment is being made at Brunel sites across the City, including the 'Being Brunel' Project at the ss Great Britain Trust. Through the Being Brunel Project, the ss Great Britain Trust is seeking to develop closer working links with other Brunel sites and the Trust is keen to explore how the two projects can further compliment and work together to achieve shared outcomes.

Yours sincerely

Jenny O'Grady
